

In from January 30, 2013 until further notice:

If your horse has not had the Flu/Rhino vaccine, please note the following instructions. Due to the outbreak of the equine herpes virus, we request all equestrians to:

- 1) Not use the trails if your horse shows any signs of illness;
- 2) Not let your horses graze;
- 3) Not let your horses come in contact with other horses;
- 4) Not let horses come in contact with any farm animals in the Preserve;
- 5) Contact the Rockefeller State Park Preserve if your horse shows any symptoms within a week of using our facility.

Thank you for your cooperation.
